July 21, 2014

Dear New Colorado State Student,

At Colorado State University, we recognize the college experience is more than academics. The people you live with, social interactions and co-curricular activities all play an important role in shaping your time on campus. Our goal is to ensure that all CSU students have positive educational and social experiences.

As part of CSU’s comprehensive approach to alcohol and sexual assault education, it is required that all new incoming students (including transfer and international) under the age of 23, as of July 21, 2014, complete AlcoholEdu and Haven. These online courses will empower you to make well-informed decisions about issues that affect your college years and beyond.

Haven: Understanding Sexual Assault is a separate module. We recognize that talking about sexual assault can be difficult, and want to acknowledge that some of you may have had personal experiences with sexual assault. If taking this module is difficult or triggering for you, please know there are resources on campus to support you, even prior to your arrival to campus this fall. If you are a survivor and need to talk after taking the module, please contact the Women and Gender Advocacy Center at 970-491-6384 or email wgac@colostate.edu.

Please note that if you do not complete Part 1 of AlcoholEdu and Haven by the first day of classes (August 25) a registration hold will be placed on your account. You will not be able to register for the following semester until Part 1 is completed. You must receive an 80% or higher on the AlcoholEdu final exam to pass the course.

Your login directions and additional details are included below. We encourage you to talk with your parents/family members about the course and your planned approach to situations involving alcohol and consent while you are attending CSU.

Other Important Information:
- You will need internet access and audio capabilities.
- To avoid technical issues, please use any major web browser released within the previous two years.
- You may take the course(s) in multiple sittings.
- The courses may include surveys to help personalize your experience and measure students’ attitudes and behaviors. All survey responses are confidential; the school will only receive information about the student body as a whole and will never see individual students’ answers.
- Should you experience problems, technical support is available 24/7 and can be accessed from the “Help” link within the course.

For more information about this requirement, please visit health.colostate.edu/resources/alcohol-other-drugs. If you have any general problems or concerns, please e-mail: alcoholedu@colostate.edu. Congratulations on your acceptance to CSU! We look forward to seeing you on campus.

Sincerely,

Rick Miranda
